

Andres Arturo Castro

BACKEND WEB DEVELOPER
SOFTWARE ENGINEERING STUDENT

ABOUT ME

Competent back-end web developer skilled in Node.js, MongoDB, and PostgreSQL. I am looking to apply my hands-on experience in building robust APIs, like the one I implemented for a hotel booking project, to directly contribute to the company's growth and performance goals. I am seeking a challenging position where I can leverage my expertise in the Node.js, MongoDB, and PostgreSQL stack.
